

Group Insurance Plan — Member Policy Guide

1. Policy Overview

This document outlines the terms and conditions of your group insurance policy. Your policy provides comprehensive coverage including health, dental, vision, and disability benefits. All plan members are entitled to submit claims as per the guidelines described in this document.

2. Eligibility

To be eligible for coverage, plan members must be actively employed on a full-time basis for a minimum of 20 hours per week. Coverage begins on the first day of the month following your hire date. Dependents including spouse and children under age 21 may be added to your plan within 31 days of a qualifying life event such as marriage or birth of a child.

3. Effective Date of Coverage

Coverage becomes effective on the date specified in your enrollment confirmation letter. If you miss your enrollment window, you may be required to provide evidence of insurability before coverage is granted. Late applicants will have coverage deferred until the next open enrollment period.

Claims Submission Process

4. How to Submit a Claim

All claims must be submitted within 90 days of the date of service. Claims submitted after this deadline may be denied unless exceptional circumstances prevented timely submission. Members can submit claims online through the member portal, by mail, or through their employer's HR department.

5. Required Documentation

When submitting a health claim, the following documents are required: original itemized receipts, a completed claim form signed by the plan member, and a referral letter from a physician if applicable. For dental claims, a completed dental claim form signed by the treating dentist must be included along with the itemized invoice.

6. Direct Deposit

The insurer offers direct deposit for faster claim reimbursements. To enroll, log into the member portal and navigate to Payment Preferences. Enter your bank account information including transit number, institution number, and account number. Direct deposits are typically processed within 3 to 5 business days after claim approval.

7. Claim Status

Members can check the status of their claim at any time through the online member portal or by calling the claims helpline. Claims are typically processed within 5 to 10 business days from the date of receipt. You will receive an Explanation of Benefits (EOB) document once your claim has been adjudicated.

Health and Dental Coverage Details

8. Dental Benefits

Basic dental services including examinations, X-rays, cleanings, and fillings are covered at 80 percent of the fee guide. Major restorative services such as crowns, bridges, and dentures are covered at 50 percent. Orthodontic treatment for dependent children is covered up to a lifetime maximum of \$2,500. Dental claims require pre-authorization for any treatment estimated to exceed \$500.

9. Prescription Drug Coverage

Prescription drugs listed on the plan formulary are reimbursed at 80 percent after the annual deductible of \$25 per person or \$50 per family has been met. Brand name drugs are covered only when no generic equivalent is available. Specialty drugs and biologics may require prior authorization from the plan administrator before dispensing.

10. Vision Care

Vision care benefits include coverage for prescription eyeglasses or contact lenses up to \$300 every 24 months. Eye exams performed by a licensed optometrist are covered up to \$75 every 24 months for adults and annually for dependents under the age of 18. Laser eye surgery is not covered under the standard plan but may be available as an optional rider.

11. Paramedical Services

Paramedical services such as physiotherapy, chiropractic care, massage therapy, and psychologist visits are covered up to \$500 per practitioner per year. A physician referral is required for physiotherapy claims. Naturopath and acupuncture services are covered up to \$300 per year under the extended health care benefit.

Disability Benefits and Appeals Process

12. Short-Term Disability

Short-term disability (STD) benefits replace 66.67 percent of your weekly earnings if you become totally disabled due to illness or injury and are unable to perform the duties of your own occupation. Benefits begin after a waiting period of 7 calendar days and continue for a maximum of 26 weeks. A physician's statement of disability is required to initiate a claim.

13. Long-Term Disability

Long-term disability (LTD) benefits begin after the short-term disability benefit period ends, typically at 26 weeks. LTD benefits replace 60 percent of your pre-disability monthly earnings to a maximum of \$10,000 per month. After 24 months, the definition of disability changes from inability to perform your own occupation to inability to perform any occupation for which you are reasonably qualified by education, training, or experience.

14. Claim Denials and Appeals

If your claim is denied, you will receive a written explanation detailing the reason for denial. You have the right to appeal the decision within 90 days of receiving the denial notice. To initiate an appeal, submit a written request along with any additional supporting documentation to the Appeals Department. A senior claims adjudicator will review your appeal and respond within 30 business days.

15. Contact Information

For general inquiries, contact Member Services Monday to Friday 8am to 8pm Eastern Time. For claims submissions by mail, send documents to the Claims Department address listed in your enrollment package. For online support, log into the member portal using your plan member ID and password.
